

### (a) Cohort ledger

### (b) Coordinates by HUC2

### (c) Stations per HUC2

### (d) Registry diagnostics

|                  |               |                          |
|------------------|---------------|--------------------------|
| $\bullet$        | <b>97</b>     | unique HUC codes         |
| $\square$        | <b>38</b>     | stations in repeated HUC |
| $\blacklozenge$  | <b>53.856</b> | median nearest (km)      |
| $\blacktriangle$ | <b>0.752</b>  | minimum nearest (km)     |
| $\times$         | <b>19</b>     | stations <10 km          |

**HUC overlap / proximity  
≠ hydraulic connectivity**
